

About Our Programs

Preschool

Our preschool program embraces an active, developmentally appropriate, play-based, approach to learning through lesson plans aligned with the Wisconsin Model Early Learning Standards. Teachers plan and implement activities that are designed specifically with child creativity in mind!

4 Year Old Kindergarten (K.U.S.D.)

The 4 K program is a collaborative effort with Kenosha Unified School District to provide half day kindergarten for a limited number of children who turn 4 years old on or before September 1st. This program implements the Creative Curriculum Model for Early Childhood Education and is taught by a licensed teacher.

Toddler Care

Young children are provided with a safe, comfortable, nurturing environment where they are encouraged to explore the world around them. Younger children learn mostly by using their senses. The teachers use creativity and knowledge to introduce different sensory activities designed to provoke a child's natural curiosity to learn and have fun!

Summer Camp

This is an exciting opportunity for children to experience a fun-filled summer! Campers have the opportunity to go swimming, participate in arts and crafts, fun and exciting science experiments, and make new and lasting friendships!
